

HINTS

1. *Elf Workshop*
Place the matching prop over the middle three rows of the display board to reveal a sum.
2. *Mrs Claus*
Match presents to recipients using the parts of words. Each person's gifts relate to their name - e.g., the Chef gets cooking items!
3. *Santa Celebration*
Find five differences in the pictures. To reveal the answer, collect the letters above and beside each difference in the grid, in top-to-bottom order.
4. *Rudolph*
Start at the arrow and draw a line up. At every diagonal, turn 90°. Stop when the line you are drawing exits the grid - your answer is the letters in the uncovered area.
5. *Agent Frost*
Use the phonetic alphabet decoder printed in the box. Decode the eight phonetic words hidden in the story.
6. *Snowman*
Pop out the four snowman pieces. Stack and rotate them until you see four four-letter words - one will be a number.
7. *Nutcrackers*
Use the three grey trails from the Pop Out Props. Line them up so each connects a circle on the mountain top to one near a nutcracker. The framed number is your answer.
8. *Gingerbread Town*
Count the number of sides of each house and use them to solve the sum at the top.
9. *Tree Forest*
Use the alphabet Pop Out Prop. Align it with the sides of the page, then slowly move it down. When a star appears, note the letter it is next to. Keep going to find the six-letter number.
10. *Penguins*
Two years ago, Waddles was three years old.

HOW TO PLAY

- Your aim is to solve ten puzzles, within 45 minutes, to rescue the missing gift before Christmas morning!
- As a team, work through the puzzles one by one in their given order and record your answers as you go. Each answer will be a number.
- Also included is one sheet of 'props', which will need to be 'popped out' during the game and used to solve some puzzles.
- If you get stuck, you can find hints on the back page of this booklet to help you.
- When you have found all ten number answers, look up each one on the answer grid (found on the back of the Introduction sheet) to discover the ten words needed to locate the missing present.
- Once you have finished the game, scan this QR code to check your answers:

Start your 45-minute timer and begin the game now!
